

Oil Pump Solenoid

New Product Category - 1 SKU Added

We're excited to add Oil Pump Solenoids as an exclusive, brand-new product category to the Tech Expert™ line. This latest problem-solving part allows you to replace only the failed oil pump solenoid instead of the entire pump on popular Chrysler, Dodge, and Jeep applications. The end result for your customer is a cost-effective repair and saved time in the bay.

OPS100
Dodge/Chrysler/Ram Cars, Trucks & SUVs (2016-11)
Jeep Grand Cherokee & Wrangler (2016-11)

Alternator Decoupler Pulley

Line Expansion - 5 SKUs Added

Tech Expert™ is committed to providing problem-solving solutions, which is why we've expanded our line of Alternator Decoupler Pulleys. As a cost-saving alternative that reduces time in the bay, each pulley allows your customers to replace only the failed pulley instead of the entire alternator. Once installed, our Alternator Decoupler Pulleys reduce stress on the belt drive system for improved performance and quieter operation.

ADP100
Toyota Corolla/Matrix/Venza (2013-09)
Chrysler/Dodge Vans (2008-01)

Air Door Actuators*

Line Expansion - 8 SKUs Added

Just in time for summer, we've expanded our line of Air Door Actuators. Each actuator is designed to be an exact-match replacement for its OE counterpart. In total, Tech Expert™ now offers more than 140 air door actuators.

ADA243
GM Full Size Trucks (2014-07)
VIO Over 3.6 Million

**Also referred to as Blend Door Motors*

Park Assist Sensors*

Line Expansion - 3 SKUs Added

Increasing coverage for this high-failure category, Tech Expert™ is proud to expand our line of Park Assist Sensors. In total, our line now features more than 50 SKUs—each one a direct-replacement part instead of a universal retrofit kit.

PAS125
GM Trucks & SUVs (2016-06)
