

TECH EXPERT™ SOLUTIONS

TECH EXPERT™ Electronic Diverter Valve (EDV700)

This new piston-driven design eliminates turbocharger boost leaks caused by a torn or punctured OE rubber diaphragm. A TECH EXPERT™ Electronic Diverter Valve restores performance and ensures consistent boost pressures throughout the RPM range.

TECH EXPERT™ piston-driven design eliminates turbocharger boost leaks common with the OE rubber diaphragm, restores drivability and prevents comebacks.

Audi/VW w/2.0T 2010-05
