

ECHLIN®

GASOLINE DIRECT INJECTION (GDI)

WHAT'S IN YOUR BOX?

Everything Needed for a Complete Repair

To help improve fuel economy, vehicle manufacturers have quickly adopted Gasoline Direct Injection (GDI) technology. The industry-leading NAPA® Echlin® GDI Program is continually expanding, and includes everything technicians need to perform a complete GDI service.

As the aftermarket's fuel injection and fuel system leader, NAPA® Echlin® offers the most complete new, not reman, GDI program – GDI Fuel Injectors, GDI High-Pressure Fuel Pumps, GDI Fuel Feed Lines, GDI O-Rings, Gaskets, Seal Kits, GDI Service Kits, Camshaft Followers and more!

**What's inside the NAPA® Echlin® box...
innovative design, advanced engineering
and over 100 years of experience.
What's in your box?**

Optimal fuel injection performance takes quality components, expert manufacturing and extensive testing. And that's precisely what NAPA® Echlin® delivers.

500+
PART NUMBERS

The industry's most complete GDI Program

100%
NEW, NEVER
REMANUFACTURED

Always NEW, never remanufactured

Precision engineered and rigorously tested to ensure optimal performance

We know that optimal performance begins with quality components.

Stainless steel calibration slide and spring assembly prevents corrosion within fuel control body leading to extended service life

High-temp Viton® O-rings enable prolonged sealing of injector under extreme heat conditions

Precision-wound and trimmed solenoid windings allow computer to command efficient fuel delivery

Included retaining clip keeps the injector in position while protecting against vibration

Additional O-rings and umbrella seals are included to ensure a trouble-free install

**NAPA® Echlin® 2-39284
New GDI Fuel Injector
Chevy/GMC Truck (2019-14)**

This is what a complete, top quality GDI program looks like.

The best GDI injector can't perform as designed with restricted fuel lines or worn gaskets. NAPA® Echlin's GDI Program offers technicians everything they need for a complete GDI fuel system service.
