

WHAT'S IN YOUR BOX?

The Factory-assembled, Drop-in Replacement

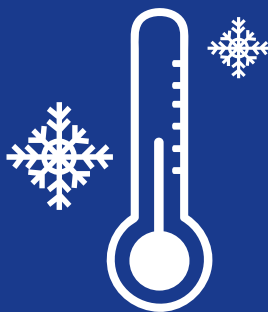

Tech Expert® by NAPA® Echlin® Oil Filter Housing Kits include the vehicle-specific Filter, Cap, Bypass Valve, Heat Exchanger (Cooler), Gaskets, Hardware, and both the Oil Temperature and Oil Pressure Sensors. Competitor units don't include all of the necessary components.

**What's inside the Tech Expert® box...
a factory-assembled drop-in unit
with sensors and OE-matching filter.
What's in your box?**

Vehicle manufacturers have designed these housings to meet the cooling requirements of today's engines. Tech Expert's Oil Filter Housings are made from a high-strength, high-temp synthetic material to match the heat-dissipating characteristics of the OE design and keep the oil cool.

Factory-assembled, drop-in replacement

Designed with a high-strength, high-temp synthetic housing to maintain OE-matching heat-dissipating characteristics

Assembled with the correct, vehicle-specific oil filter

Factory-assembled, complete drop-in solution that includes everything needed for a complete repair.

The Tech Expert® EOF100 comes completely assembled, so all you have to do is drop it in place. And all Tech Expert® by NAPA® Echlin® Oil Filter Housing Kits include new oil temperature and oil pressure sensors. The oil filter and cap are exact OE-match and come already installed. The Tech Expert® assembly includes all new gaskets and hardware for a clean install – you won't have to reuse any of the old, worn pieces.
