

Cleen is the **ONLY** professional fuel system cleaning program developed by a manufacturer of fuel injectors.

The Cleen Plan is a comprehensive fuel injection cleaning program that combines motorist preventative maintenance with a regular professional cleaning. Motorists should use Super Cleen or EZ-Pour Cleen every 5,000 miles and see their trusted technician yearly for a professional fuel injection cleaning, to ensure their vehicle is running at maximum efficiency. **Technicians, save your customers money at the pump and provide them with an immediate drivability benefit, while enhancing your fuel injector cleaning business.**

2-18495Q uses Ultra Clean fuel system cleaner (2-18469)

Ultra Clean Enhancements, Features and Benefits:

- New Quick-Disconnect System for easy adapter hook-up
- Redesigned heavy-duty Ultra Kit canister and gauge with protective gauge covers
- Canister has a built-in bleed-off valve to relieve pressure
- Larger gauge for a more accurate pressure reading
- Large gauge reads fuel system pressure; small gauge reads canister pressure - up to 145 psi
- Kit is updated for current model year vehicles
- Adapters come with required hardware to cover many different fuel systems
- Adapters have i.d. rings and are well organized with identification charts for each compartment
- Popular adapters are mounted on outside of tool box for quick access
- Longer main feed line hose and fuel pump loop hoses for pumps that cannot be disabled
- Includes longer fuel rail mounting bolts for applications where the OE bolts may be too short
- Throttle body "S" tool is included for cleaning intake runners
- Tests fuel pumps, pressure regulators, and diagnoses leaking fuel injectors
- Printable CD manual included with each kit

2-18496Q uses Pro Clean aerosol (2-18489)

Pro Clean Enhancements, Features and Benefits:

- New Quick-Disconnect System for easy adapter hook-up
- Adapters come with required hardware and cover many different fuel systems
- Adapters have i.d. rings and are well organized with identification charts for each compartment
- Popular adapters are mounted on outside of tool box for quick access
- Kit is updated for current model year vehicles
- Longer main feed line hose and fuel pump loop hoses for pumps that cannot be disabled
- Tests fuel pumps, pressure regulators, and diagnoses leaking fuel injectors
- Larger gauge for a more accurate pressure reading
- Hose adapters come complete with identification rings
- Includes longer fuel rail mounting bolts for applications where the OE bolts may be too short
- Printable CD manual included with each kit

Other new chemicals include Fuel Tank Flush, Mass Air Flow Sensor Cleaner and Throttle Plate Cleaner.

New Family of Cleen Chemicals:

- High-impact graphics and color-coded labels
- Includes an advanced, heavy-duty, pour-in-the-tank companion to Pro-Grade Fuel Injection cleaner
- Cleen is the only fuel system cleaning program from a manufacturer of fuel injectors

Ultra Clean Professional Fuel System Cleaner

- 2-18469 – Use with Ultra Clean Kit

Ultra Clean Professional Air Intake System Cleaner

- 2-99102 – Removes deposits
- Restores engine performance
- Use with Ultra Clean Kit & "S" tool adapter

Fuel Injector Cleaner with Intake Valve Cleaner Additive

- 2-18489 – Aerosol cleaner for use with Pro Clean Kit
- CFC Free, Oxygen Sensor & Catalytic Converter Safe

Super Cleen Advanced Fuel Injection Cleaner

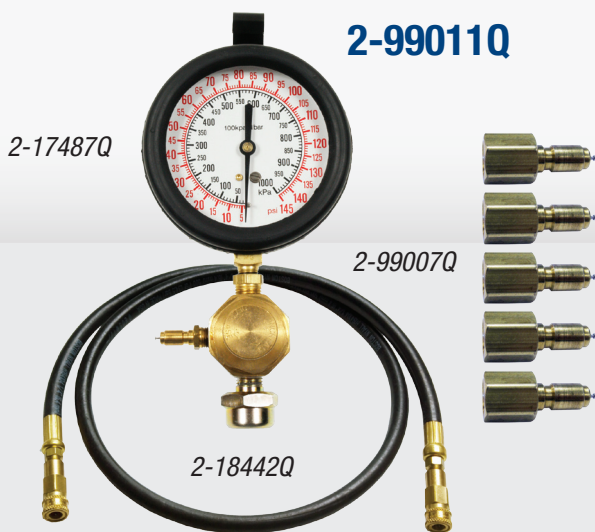

- Advanced Pour-in-the-Tank formula
- 2-99104 – Removes Harmful Deposits
- Improves Fuel Economy
- Restores Vehicle Power & Performance

EZ-Pour Cleen Fuel Injection Cleaner

- Pour-in-the-Tank pro-grade formula
- 2-99115 – Saves Money at the Pump
- Improves vehicle performance

Upgrade your existing Ultra and Pro Clean Kits with these three easy Clean Upgrade Packages

Upgrade your gauges and convert your existing Clean kits to 'quick-disconnect' with our easy-update packages.

2-99011Q Pro Clean 'Aerosol' Update Kit

Includes new gauge and regulator (2-17487Q), main quick-disconnect feed line hose (2-18442Q), five 1/8" male (1/4" female thread) quick disconnect adapters (2-99007Q)

2-99012Q Ultra Clean 'Shop Air' Update Kit

Includes new threaded canister w/gauge (2-18468Q), main quick-disconnect feed line hose (2-18442Q), five 1/8" male (1/4" female thread) quick disconnect adapters (2-99007Q)

2-99013Q Main Feed Line Hose Kit

2-99013Q Main Feed Line Hose Kit

Includes main quick disconnect feed line hose (2-18442Q), five 1/8" male (1/4" female thread) quick-disconnect adapters (2-99007Q), one 1/8" male (1/4" male thread) quick-disconnect adapter (2-18417Q)

Additional Clean Quick-Disconnect adapters.

2-18417Q Quick-Disconnect Male Adapter

Use with the main feed line hose
1/8" male (1/4" male thread) quick-disconnect adapter

2-99006Q Quick-Disconnect Female Adapter

Converts the main feed line hose adapter end
1/8" female (1/4" male thread) quick-disconnect adapter

2-99007Q Quick-Disconnect Adapter

1/8" male (1/4" female thread) quick-disconnect adapter
