

TECH EXPERT™ SOLUTIONS

Tech Expert™ Keyless Entrance Transmitters

TECH EXPERT™ now offers over 40 new complete key fob assemblies for GM and Ford vehicles. Each FCC and IC approved, complete key fob assembly replaces units damaged from water intrusion, terminal corrosion, circuit board failure, or case damage. Each high-quality TECH EXPERT™ unit follows the OE programming procedures for ease of use and a direct-fit replacement.

Put these quality key fobs in your customers' hands where they can feel the difference in the quality of our buttons and cases.

- Over 40 TECH EXPERT™ keyless entry transmitters
- All key fobs are OE style replacement and NOT universal
- Matches OE in button feel, case fit and signal range
- These are complete units NOT just shells or a repair kit
- All TECH EXPERT™ units have FCC IDs
- All units follow OE relearn instructions that are easily found in OE service manual or owner's manual
